- Medical Surgery
- Rehabilitation
- Doctor or clinic search
- Handling of requests for detailed cost estimates
- Arranging of appropriate medical treatment
- Hotel reservations
- Transportation
- Payment processing via secure trust account
- Visa procedures
- Translation services
- Ambulance

For centuries the Alps and Lakes of Southern Germany and Switzerland have been renowned for fresh air, extraordinary natural beauty and their powerful healing qualities.

HEALTH CARE EQUIPMENT

CHCI supports you in the procurement of medical technology for doctors and hospitals. Through our network we can offer you products from well-known manufacturers. Please let us have detailed information about your equipment requirements, so we can find and appropriate the best offer for you.

We can organise and arrange transportation for you to your required destination.

"Our know-how, for your success."

Examples:

- Arthroscopy
- Endoscopy
- Ultrasound machines
- Mobile X-ray apparatus
- Operating tables
- Patient beds
- Patient transport systems
- ECG monitors
- Vital sign monitors
- Anesthesia machines
- Syringe pumps
- Defibrillators
- Surgical instruments
- Surgical equipment

For more information please don't hesitate to contact us.

PHARMACEUTICALS

Competence in health care international arranges delivery of pharmaceutical products through certified contractors working in the pharmaceutical sector, for example:

- Medication, remedies
- Dietary supplement
- Vitamin preparation
- Cytostatic drugs

We would like to support you in your individual needs in the procurement of medical engineering and consumables.
